About Us

Founded in **2019**, **American Flight Support (AFS)** is a premier global aviation services provider headquartered in **Scottsdale, AZ, USA**. AFS delivers comprehensive international trip support, private jet charter, and aviation logistics solutions across the **Americas, the Middle East, Europe, Asia, Africa**, and beyond. With operational offices in **Mexico City** and **Dubai**, AFS provides **24/7 global coverage**, ensuring that every mission — whether civilian, corporate, or government — is executed with **precision, safety, and reliability**.

Our **global services** extend across continents, connecting clients to a trusted network of ground handlers, fuel providers, and regulatory partners to ensure smooth, efficient flight operations anywhere in the world.

Mission

To deliver world-class aviation services through operational excellence, safety, and customer trust. Connecting people, governments, and businesses across the world.

Vision

To deliver world-class aviation services through operational excellence, safety, and customer trust. Connecting people, governments, and businesses across the world.

Core Values

Safety: The foundation of every mission.

Reliability: Consistent and dependable operations.

Integrity: Ethical, transparent, and client-centered.

Excellence: Commitment to superior service and precision.

Innovation: Using technology to elevate flight support efficiency.

Our Services

At AFS, we offer a comprehensive range of services to meet your aviation needs:

Private Jet Charter & Empty Legs

On-demand luxury flights tailored to your schedule, with exclusive aircraft access and discounted one-way opportunities through repositioning routes.

Ground Handling Services

Comprehensive flight coordination and on-ground services ensuring seamless operations, permits, fueling, and VIP assistance at every destination.

Fuel Coordination & Cost Optimization

Efficient global fuel planning and sourcing to secure the best prices, streamline refueling, and reduce overall operating costs.

LND & OVF Permits

Fast, reliable landing and overflight permit arrangements worldwide, ensuring full regulatory compliance and uninterrupted flight operations.

Our Services

Our portfolio showcases our ability to handle diverse and complex projects.
